Alan Jones with ASA Engineering stated there would be 44 townhomes which will be 3-bedroom, 1-bath units, with a 1 car garage and 1 parking space. The duplexes that are currently there will be demolished.

Jane Sharpe, 6112 Schofield Avenue, thanked the Red Wolves for inviting everyone to attend the game. She also thanked the Mayor, City Manager, and Assistant City Manager for meeting with the residents of Lansdell Park. Smith Street with only one way in and out of the neighborhood. She also requested that a traffic study be done.

Marilyn Hadley, 6508 Holiday Drive, is opposed to the rezoning and asked Council to deny it. She is concerned about commercial uses and does not want people parking on neighborhood streets to go to the stadium.

Mr. Jones addressed some of the issues. He stated cul-de-sacs are a separate issue and not part of the rezoning. He also stated that all traffic will come into the stadium area from Mack Smith Road, and they have designed it not to have cut-throughs. Commercial has also been excluded as one of the uses in this rezoning to C-4. Jess Sikes with ASA stated they have an incomplete traffic study, and they are not going to allow construction traffic in the neighborhood. They will also improve stormwater in the area.

Councilmember Cagle asked what the plans are for N. Smith Street. Mr. Sikes stated he has made a commitment not to put construction traffic through there, but WWTa is doing a project here. Mr. Jones stated that N. Smith may see minor traffic increases because of the townhomes.
